Synopsis

An excellent tool for self-assessment and analysis, THE HUMAN SERVICES INTERNSHIP: GETTING THE MOST FROM YOUR EXPERIENCE, 4th Edition integrates classroom learning with fieldwork. Covering information from the beginning to the end of an internship, this practical, hands-on book engages readers in a process of thinking and reflection—helping them analyze different experiences and situations they encounter day to day in their field work. A unique six-step model guides readers in enhancing self-awareness, integrating the knowledge and values of the profession, recognizing challenging and dissonant situations, decision-making, and follow-through.

Customer Reviews

It came in perfect conditions. You have to be careful because the cover can break easily. But besides that, it is a really good book. It's like a guide that teaches you the basic things of an internship to the more professional standards than you have to follow.

As a student social worker, I found this book to be filled with practical knowledge. It makes writing up my Analytical Report for my final year much easier to do and comprehend. The book itself was clean, no highlighting (which makes me annoyed) and I'm very pleased with this. Would purchase again. Thank you.

Yes, this book definitely goes along with my Human Service internship experience. The exercises consist from your experience and things you have observe during your internship. As well as, make
you think of ways to improve your organization service or the way you work with a client. I enjoy reading the student reflections because it gives good realistic examples.

I found this book to have a lot of interesting and relevant information pertaining to my Human Services Internships; it was a required textbook.

It was good to get information that is generally needed to work in an internship while working on a Master’s Degree. The information in the book is easy to read and comprehend. I would recommend it to others.

Exactly what I expected.

Not as resourceful, speaks more about communication with site supervisor. There is nothing in the book that assisted me, I got more useful tips online.
