## Customer Reviews

This is good book, gets to the point simple to follow, finally receipts that contain ingredients I either

have or can easily find at my organic market, also the day to day breakfast, lunch and dinner guide is just what I needed to get started. I am using the ouri's juice cleanse to jump start my healthy lifestyle change. Great Book a good book to have if new or restarting a juice, healthy eating weight loss plan.

Its true that toxins make us fat. I really liked this book because it helped me understand how in a straightforward way and it got me wanting to do a cleanse for sure. This is NOT one of those whacky overnight flushes, this prigram seems healthy and doable and Im excited to try it.

Finally someone who actually knows what they are talking about. Not a fad but a true list of things that can help lead to successful weight loss through a healthy liver.
