## Customer Reviews

Love this journal! As someone who ran for 28 years, covering 22,000 miles, and now walks 3 miles every day covering another 16,000 miles I use this journal to document where I was, how my body is responding, and the weather and location where I am walking. I have been using this journal since 1986.

I have been buying this journal for the last 16 years. Its a great way to monitor your progress.
