Powerful practical insights that can help many to live more rewarding lives. -- Harold Bloomfield, *How to Survive the Loss of a Love* Provides clear insight, compassionate understanding and practical solutions. -- Jack Canfield, Coauthor of *Chicken Soup for the Soul*

Self-defeating behavior is the single most common reason that people seek psychotherapy. It is a poison, preventing us from achieving the love, success and happiness we want in our lives. And what really drives us crazy is feeling we have to change and not knowing how - or knowing how but being unable to stick with change. *Get Out of Your Own Way* is an antidote - it explains why we sabotage ourselves, going back to childhood origins of various behaviors. More important, it offers proven steps of action to transform behavior from self-defeating to life-enhancing. With anecdotes and usable insights drawn from twenty years of psychiatric clinical practice, Dr. Mark Goulston shares ideas that have helped thousands of patients overcome pain, fear, and confusion - to approach life's challenges with dignity, wisdom, courage, and even humor. By encouraging you to reflect upon your behavior - and providing practical steps toward change that you can work into your everyday life - *Get Out of Your Own Way* shows you how to stop being your own worst enemy - and

become your own best friend.
