Settle on Damron if you'd like--but realize there is much better. Spartacus. For a few more US dollars, you get a much better picture of the entire globe. Buy Damron if you never travel internationally. Spartacus if you like to collect passport stamps.

Was disappointed on some missing listings - even ones that had been around for years. But overall is helpful

Along with Spartacus, The Damron Guide has been a friendly and dependable guide for years. The

recent edition, slimmer than past ones, remains invaluable and easy-to-use. They're to be commended what with difficult economic circumstances from Japan to Greece. The new book makes the very best of the situation as they will continue to do well when the recession finally lifts. We pick up the Damron Guide each year whether we're travelling or not. Indeed, we "staycated" this year as we live in the Palm Springs area already.

Finally the new edition for this Fly-Boy! Great product for that "special market." Great resources! When traveling to new places or old, this guide is a must have! Very user friendly and now compact size. Thanks!

I have bought many of Damron's Men's Travel Guides for gay men over the years. No matter where you decide to travel, this guide is indispensable. If you are looking for hotels, restaurants, clubs, spas, resorts and "other FUN places" to visit, this guide is the ticket!!! It not only lists cities in the US but also most of the larger international cities as well. I plan a trip to Italy in February 2014 and I wouldn't go without my copy!!!! I love the fact that it gives you all the information in a very compact little book which is arranged in a very neat fashion. It also lists establishments that are gay friendly, gay owned and places for gay men in general. It also has tips on sex clubs, cruisy areas and dance clubs for men as well. No matter what city you plan to visit, it will most likely be listed in Damron's guide. It has listings which include mixed clientele, but this guide is for us GAY MEN!!!! Don't leave home without it!!!!!!

I wasn't impressed and I've been using such guides 50 yrs. and the '14-'15 edition's only two thirds of what it used to be. If the proper forum doesn't exist, someone invent it. I refer to men who want spontaneous impersonal trade so rare nowadays, except CL. Too homogenized, too painterly.

I like this book because it covers the USA and also BB (Bed & Breakfasts) and all kind of establishments not just bars. It really can be handy. Costs very little. And is fairly well updated. There are a few things I'd like to see added. But It also has a clear coded letters in the front of the book for places such as Gay owned operated. Mixed crowd. Handicapped accessible and on . Leather. Can make it's money back on one trip.

These books are pretty much up to date when you visit a city or country. It is always possible that a bar or disco may have closed; however, it gets you, the visitor, into the right section of town to find

your enjoyment. It also describes the establishments hours, who they attract, addresses and phone numbers, and places of interest throughout the area. Damron is the best book out there for the gay traveler
