Customer Reviews

I was not a psych major. My BA is in Creative Writing. At first glance I dreaded cracking this book open. However I LOVED it. The stories and experiments conducted were so interesting. I actually read unassigned pages for fun.

I needed this book for my Introductory Psychology class and I was able to get it for a good price, used, and in good condition. It arrived on time and I am satisfied.

Came as scheduled and book is as described. Probably the best "textbook" ever. Its not boring and the chapters are short so it is very readable.

The cover came completely ripped off. Would have expected something a little better quality.

Is a good book
