Customer Reviews

There is a quote by Lauren Bacall at the very beginning of this book where she says a persons face tells their whole life story, and to be Proud of that. I agree with the dear lady. I got this as much for myself as for my own lady-friend, and I think she has put it to better use than me! Heh-In any case, this is super informative & is arranged as a 'planner & instruction manual' of sorts. There is terrific background, benefits of stress reduction-- and of course exercises and other means to work your entire face. and very naturally. Crisp and to the point, no time-waster here, and I swear I see the benefits in my sig- other all the time. Peace of mind and confidence are just side-bennies to this.

This book wiped 10 years of age, right off my face. Everyone keeps accusing me of Botox or a face lift. This easy to read guide taught me step by step facial exercises, in 15 min. I do them daily to maintain a more youthful tightened look. All my friends keep asking what my secret is, I'll never tell, while there out spending thousands in Botox, I'll continue to do my exercises.

Quick delivery. I wish there were pictures as it is very difficult to follow the directions. I have not exercised daily as it does require reading the direction over and over and I do not know if I am doing it correctly. I do see some improvement.

Marvelous work here! I was starting to show signs of aging and I bought every wrinkle cream you

could think of, and well, nothing worked. I did some research and found, The 15 minute fix. Who would of known that face exercises could tighten, firm and smooth away wrinkles. I'm very impressed, great book!
