Pillow Talk (On The Radio Book 1)

Synopsis

Seduced by his voiceâ Devastated by a cheating scandal that ended his marriage and nearly ruined his online dating service, PillowTalk.com, Logan Reid is a man on the verge of ending it all. A phone call out of the blue from the program manager of PRIDE XM Radio pulls Logan back from the brink. A job offer to host a late night call-in show for the lovelorn called Pillow Talk is a last shot for Logan, who is struggling to find a way to start over. Bostonian Greyson Montgomery is dealing with a personal scandal of his own. Homeless and jobless after a disastrous relationship, he's forced to move back in with his parents and rebuild his shattered life. Alone and miserable, he tunes in to the debut of Pillow Talk and decides to call the dulcet-toned host with his own tale of heartbreak. Ratings at PRIDE XM soar after Greyson's call to Logan, triggering the program manager to invite Grey to co-host Pillow Talk for a few weeks. This doesn't sit well with Logan, who thinks Grey is trying to steal his job. Are these two brokenhearted men too damaged to trust again, or will they take the opportunity to share some Pillow Talk of their own?

Customer Reviews

This seems to be my summer for discovering new authors who write M/M romances. Some have been just OK, some have been less than OK and others have been very good to great. Pillow Talk is the first book I've read by Pandora Pine and it's a keeper. It's the first book in her new On the Radio series. Pillow Talk stands alone and has an HEA for Logan and Grey but Ms. Pine also sets things up for additional books about the rich cast of secondary characters who also appeared in Pillow Talk. Logan Reid has been betrayed by his husband and becomes the talk of the scandal rags. Not only was he personally devastated by his cheating husband, his online dating service for gay men, was left in ruins. He's about to end it all when he gets a call from the owner of Pride XM radio with an offer to host a call in talk radio show. Greyson Montgomery knows a little bit about personal relationships gone bad. He's had to move back in with his parents after his former boyfriend made his life miserable and caused him to lose his job. When he hears the Pillow Talk radio broadcast he calls in to share his story and commiserate with Logan. Logan can't seem to forget the voice of the second person to call in to his radio show. "Fifty Shades" story resonated with him and he keeps thinking about his story and voice long after the program ended. When Fifty Shades calls into the show again the next week to challenge advice that Logan gave a caller, their on-air chemistry really makes the show shine " enough that Logan's boss invites Fifty Shades to come and guest host with Logan for two weeks. I thoroughly enjoyed the interaction of all of the characters in this story. Yes, the primary focus is on the relationship between Logan and Grey but Ms.
