Learning about antioxidants brought up some great information and ideas on how to put many of the suggestions into practice. This book talks about what antioxidants are, how they work, and which
ones are best for you. Having a tumor in my brain, I found the idea of having a rich antioxidant diet interesting. The book cover all the benefits of this kind of diet, as well as different common myths about them.

Good book on anti oxidants.Content and recipes given in this book are really useful.I am sure that this book will help in stop aging and will be helpful in cancer treatment.
