Some good recipes. A few I have seen before and some I've seen a lot just altered a bit. But awesome for someone that doesn't cook or know how too. This is a good time saver. I enjoy having my low carb healthy meal ready when I come home from work.

This is a great recipes book, that offer high variety of recipes, clear descriptions and pictures for every meal. I was especially happy to find so many different soups recipes, therefore really looking forward to tried them out.

With little direction and there were only 4 nutritional content entries. Typically in a recipe book

there's a nutritional analysis at the end of each recipe.

I found many tasty recipes in this cookbook to work with my low carb diet. It makes it so much easier to stay "on the rails" with a slowcooker!
