Customer Reviews

I purchased the 2016 edition of this prep book last year when I was taking AP United States History. I bought this book in January, and used it as a second opinion and study guide while I was still

reading my textbook. This book was perfect at exam time when I needed to quickly learn some sections that we did not get to during class. After much hard work I received a 5 on the AP exam. My only regret is not buying this book at the beginning of the school year

Purchased for daughter. She's satisfied.

good book and it's very helpful

Loved it!
